BEZDEK'S "WHITE WONDER"

Proved by Leading Growers to be the Finest
White Snapdragon Grown

Leading growers everywhere have been lavish in their praise of the Bezdek "White Wonder" Snapdragon. This pure white Snapdragon has all the essential characteristics of a fine commercial variety. It produces continually throughout the winter months without shattering its flowers. It possesses long flowering spikes on

strong wiry stems. In the three years it has been before the Chicago flower trade, it has achieved an envious position in its acceptance. This is the Snapdragon par excellence. It merits our unqualified and highest recommendation.

PRICE OF "WHITE WONDER"
Tr. Pkt. (1000 seeds).....\$2.00

*SPECIAL NOTE: "White Wonder" Snapdragon—the true strain
is supplied in the originator's (Bezdek's) original packages.*

DUE TO A LIMITED SUPPLY OF SEED, WE RECOMMEND PROMPT ORDERING OF THIS VARIETY

SNAPDRAGONS (*Antirrhinum*)

Snapdragon "Klondike Supreme"

The following are the season's best new introductions:

"KLONDIKE SUPREME." This yellow is the deepest commercial yellow that we know of, and it is an early and continuous bloomer; June sowing of seed, pinched twice, once in the seed flat and once in the bed; "Klondike Supreme" usually starts to bloom the first of November, increasing in production so that by the middle of December they are in full bloom. Highly recommended. Tr. Pkt.....\$2.00

"MARIE LOUISE." Beautiful sea-shell pink color, an entirely new shade in winter-blooming Snapdragons, with the beautiful coloring continuing throughout the season. "Marie Louise" is a good mixer, combining well with other flowers. "Marie Louise" is strong and free-branching, producing long, strong stems with compact flower spikes; flowers are closely set around the stem and free from grassy growth. Very productive over a long season from fall to late spring, and very disease resistant. All seed from 1937 crop, fully ripened and matured, and of high germination. Tr. Pkt.....\$2.00

CHEVIOT SUPREME "ROSE PINK." Combines intense pink color, medium size spikes, small foliage, and hard wiry stems with extremely early blooming and excellent keeping qualities; comes true, and is best from December to Valentine's Day. Tr. Pkt.....\$1.50

"GLORIOUS." Brilliant, bronzy scarlet, early and free-flowering; a really new and most desirable combination of coloring; when shown at the Illinois Experiment Station, Urbana, Illinois, this new Snapdragon attracted no end of favorable comment from the numerous florists there. Highly recommended. Tr. Pkt.....\$2.00

"WHITE WONDER" (Bezdek). Unquestionably the finest pure white cut-flower Snapdragon on the market today. Introduced by A. B. C. See back of front cover for listing.

"TALISMAN." Produces double and semi-double blossoms of medium size in both bronze and golden shades; all multi-colored, early, and continuous; ideal for retail sales, table decorations, mixed bouquets, and select cut-flower boxes; combining well with flowers of other colors. "Talisman" is highly recommended particularly to growers producing for their own retail trade. Not recommended for commission house sales. Tr. Pkt.....\$2.00

"CHRISTMAS CHEER" (First Generation Hybrid). From Rose Pink Cheviot and a pink seedling; combines extremely early flowering, free blooming habit and excellent stem and flower spike; a combination of beautiful pink shades; excellent for Christmas and later flowering. Tr. Pkt.....\$2.00

SNAPDRAGONS (Antirrhinum) (Continued)

Excerpt from Florists' Exchange Issue of May 7, 1938

Of the Snapdragons, the new variety, *Glorious*, originated by H. R. Frank of Columbia City, Ind., is outstanding and should be a good retail and market item. It is a beautiful flame orange with strong growth and clean foliage. *White Wonder*, the variety originated by Mr. Bezdek of Wilmette, Ill., also showed up as one of the finest whites. The trade is indebted to the enterprising growers producing these fine varieties.

GREENHOUSE GROWN SEED

In growing Snapdragon seed, always bear in mind that failure in germination usually results either from covering the seeds too thickly with soil, or allowing the flats to dry out while germination is under way, or not applying sufficient shade up to the time the seedlings appear. With ordinary care, Snapdragon seed will germinate freely if covered

but lightly, the surface of the flats being kept moist and dark. One way to do this is to keep the soil surface about 1 inch below the edge of the flats. Then lay three or four pieces of lath across the top of the flats. On this you should place burlap. If kept wet, this will provide the required shade as well as keep the surface moist.

***ACANTHUS LATIFOLIUS (Bear's Breach)**

Stately perennial foliage with large decorative leaves.
Tr. Pkt.....15c Oz.....50c

***ACHILLEA (Milfoil, Yarrow)**

Ptarmica "The Pearl". One of the best hardy white perennials; grows about 2 feet high; is covered with heads of purest white double flowers from June to frost.
Tr. Pkt.....30c Oz.....\$2.25

***ACONITUM (Monkshood, Helmet Flower)**

	Tr. Pkt.	Oz.
Napellus. Produces long spikes set with blue flowers; well adapted for planting among shrubbery or in shady places; seed is of slow germination; 3 to 5 feet tall.....	\$0.30	\$1.50
Wilsoni. A tall growing variety; 5 to 6 feet tall; produces during the late fall very effective violet blue flowers. Very desirable	.50	3.50
Fischeri. An improved strain; compact habit; bright blue flowers; height 3 feet...	.50	2.50

***ADONIS VERNALIS**

A good spring flowering perennial with large yellow flowers; height about 12 in. Tr. Pkt...40c Oz...\$2.50

AGROSTEMMA

	Tr. Pkt.	Oz.
Coeli-rosa (Rose of Heaven). Bright rose flowers with white center; about 18 in....	\$0.10	\$0.35
Coronaria (Mullein Pink). Stout, erect-growing plants with silvery foliage; flowers during July and August; bright rosy crimson flowers; 2½ to 3 feet tall.....	.15	.25

***ALYSSUM**

Saxatile Compactum (Basket of Gold). An indispensable plant for the rockery or border; grows 12 inches high; produces in May masses of broad, flat heads of bright yellow flowers. Tr. Pkt.....15c Oz.....85c

***AMPELOPSIS**

Veitchi (Boston or Japanese Ivy). The best and most popular hardy climber for covering brick or stone walls.
Tr. Pkt.....15c Oz.....25c

***ANCHUSA**

	Tr. Pkt.	Oz.
Italica, Dropmore Variety. Grows 3 to 5 feet high; bears during May and June in abundance; flowers of the richest Gentian blue..	\$0.15	\$0.50
Italica, Grandiflora Picotee. Same as above but with blue and white striped petals.....	.35	.80
Myosotidiflora. Small Forget-me-not flowers; excellent for the rockery.....	.50	1.35

BEGONIAS**FIBROUS ROOTED**

For greenhouse pot plants or summer bedding. While easily grown on from cuttings, such plants are hardly ever as good when grown from seed. As a bedding plant there is nothing more satisfactory; also excellent as a pot plant and for a filler with other plants.

BEGONIA SEMPERFLORENS

Snow (Semperflorens Heterosis). This new, snow-white, profusely flowering Hybrid is outstanding on account of its resistance to heat, drought, and excessive moisture. The plants bloom well during unfavorable weather and retain their fresh, pure white appearance. These pure white medium sized flowers show up well against the rosy stems and light green leaves. The bushy plants grow about 10 inches high. At the official Begonia trials (Germany), this new hybrid proved to be the best white Begonia. Tr. Pkt.....**\$1.00**

BEGONIA SEMPERFLORENS (Continued)

"Darling". This choice new Begonia grows to a height of 6 inches; has a very bushy character forming a compact mass covered with very large flowers; particularly resistant to disease and unfavorable weather conditions; color bright carmine rose; its dwarf habit of growth provides an exceptional pot plant, though equally desirable for bedding. Tr. Pkt.....**\$1.00**

"Eriksson's New Scandinavia." A new, continuous flowering Semperflorens Begonia with a wonderful branching habit, and many other good qualities. Sow seed in May or later for winter; October or November for Mother's Day; red and pink shades, mixed. Tr. Pkt.....**\$1.50**
Tr. Pkt.

Albert Martin. Bright carmine, extra large flowered; dark foliage; height 12 inches....(1/32 oz., **\$1.00**) **\$0.50**

Christmas Cheer. Extra large flowered crimson-scarlet; excellent for potting; 12 inches.....
.....(1/64 oz., **\$1.50**) **1.00**

Christmas Pink. This variety is of the same habit as Christmas Cheer.....(1/64 oz., **\$1.50**) **1.00**

Elegant (New). White attractively edged in crimson; clear green foliage.....(1/32 oz., **\$2.00**) **1.00**

Erfordia. Pink with dark foliage; 8 to 10 inches in height **.50**

Fire Sea or Blaze of Fire. Extra dwarf compact habit; large fiery red flowers; green foliage.(1/32 oz., **\$2.00**) **1.00**

Glory of Erfurt. Large bright carmine.(1/32 oz., **\$2.00**) **1.00**

Glow. Dark red flowers; foliage light bronze; free blooming and compact.....(1/32 oz., **\$2.50**) **.75**

Gustav Knaake. Glowing salmon pink with light green foliage(1/32 oz., **\$1.75**) **.75**

Lightning. Extra large 2-inch flowers of deep carmine-scarlet shades; very desirable.(1/64 oz., **\$2.50**) **1.00**

Radio. Extra large carmine-scarlet, green foliage, brown tinted(1/32 oz., **\$2.50**) **1.00**

Salmon Queen. Large salmon red flowers with dark foliage; height 12 inches....(1/32 oz., **\$1.50**) **.50**

Scarlet Queen. Large glowing scarlet flowers; dark bronze-green foliage(1/32 oz., **\$1.50**) **.50**

Vernon. Deep blood red flowered; dark leaves that contrast well with the flowers.....(1/16 oz., **50c**) **.25**

Semperflorens Mixture(1/16 oz., **\$2.00**) **.25**

BEGONIA GRACILIS

This type produces very compact little plants that are literally covered with flowers. Tr. Pkt.

Carmen. Bright pink flowers with richly contrasting bronze foliage(1/64 oz., **\$1.75**) **\$1.00**

Dresden. Strikingly brilliant carmine-scarlet; free flowering habit(1/64 oz., **\$2.50**) **1.00**

Enchantress (New). An unusually free flowering Begonia of compact growth; flowers a large bright pink; pale green foliage.....(1/64 oz., **\$1.75**) **.75**

Indian Maid. Bright deep scarlet flower with deep bronze foliage; most attractive....(1/64 oz., **\$2.50**) **1.00**

Luminosa. Fine fiery scarlet flowers with reddish brown foliage; height 9 inches....(1/32 oz., **\$1.75**) **.75**

Luminosa Compacta (New). With its dark brown foliage hidden by a mass of bright scarlet blossoms, this variety is very useful for beds, borders, and also for pot plants; blooms from the middle of July onward(1/64 oz., **\$2.00**) **1.00**

Mignon. Brilliant salmon-scarlet flowered; semi-dwarf growth(1/32 oz., **\$1.75**) **.50**

Prima Donna. Carmine-rose with bronzy foliage; height 9 inches.....(1/32 oz., **\$2.50**) **1.00**

Tausendschoen. Lustrous rose; the finest bedding variety; highly recommended **.75**

White Pearl. Best white; light green foliage....
.....(1/32 oz., **\$2.50**) **.50**

***Denotes Perennials.**

DOUBLE FLOWERED BEGONIAS

Coppery Gold (New). Double flowered; many flowers are like tiny roses; when fully opened they are very effective; color, old gold merging into coppery red or coppery salmon, tinged with carmine. The seedlings produce about 80% doubles. Blooms from July until frost.

Tr. Pkt.....\$1.00

*BELLIS PERENNIS (Double English Daisy)

The giant sorts are of the largest size; the flowers of the other sorts are smaller but produce very freely.

	Tr. Pkt.	1/4 oz.	Oz.

CALCEOLARIAS

Our strain of these is produced by the foremost specialists in the world.

A. B. C. Triumph Mixed. A special florists' selection; medium dwarf in growth, producing an exceptional assortment of colors and shades. Highly recommended. Tr. Pkt.....\$1.00

Hybrida Flower Cloud (New). Extraordinary masses of brilliant yellow flowers, over a hundred "Lady Slippers" on the center stem with hundreds of blossoms on the side shoots; lasts for weeks in undiminished glory. Besides yellow, there are varying shades of brown and orange. The hardiness of the flowers and the foliage make "Flower Cloud" exceptionally desirable as a market plant. Height 12 inches. Tr. Pkt.....\$1.00

Indian Prince (New). This is a new color selection from the popular Multiflora Nana strain, retaining the fine, dwarf free-flowering habit. The color is a rich dark scarlet with an orange suffusion, a color that will contrast richly with the new Golden Tiger of the same class. Tr. Pkt.....\$1.00

Golden Tiger. Bright, golden yellow flowers with dark brownish red dots; masses of small substantial blooms spread in plenty above the foliage. Multiflora Nana type. Tr. Pkt.....\$1.00

Cloth of Gold. Pure golden yellow flowers. \$1.00 3/4 oz. \$3.25

Albert Kent. Immense trusses of golden yellow flowers with maroon blotches..... 1.00 2.50

Hybrida Multiflora Nana. Dwarf compact growth; medium sized brightly colored flowers in choicest mixture; a great favorite... 1.00 4.50

Hybrida Grandiflora Mixed. A special mixture of varied colorings; grows about 18 inches; large flowered; vigorous growth.. 1.00 2.00

Albert Kent Hybrids. A well-received mixture of varied colors..... 1.00 3.25

Kelway's Perfect Model. A fancy, large flowered mixture 1.00 2.25

Hybrida Grandiflora Tigrina. Large flowered "Tigered" or spotted mixture..... 1.00 2.50

Rugosa Hybrids Mixed. Comparatively small flowers; desirable for pot plants and cutting 1.00 ...

Calendula A. B. C. Improved Sensation

CALENDULAS

A. B. C. IMPROVED SENSATION

Considered by many to be the best Calendula for cut-flower purposes. Flowers very large deep orange with scarlet sheen and light center.

Tr. Pkt.....25c 1/4 oz.....45c Oz.....\$1.50

Ball's Masterpiece. Clear rich orange with an attractively contrasting dark brown center; preferred by many growers for its long stem.

Ball's Sensation. Long-stemmed orange with light center. This is a selection from Long Orange that seems to do particularly well with some growers.

Ball's Long Orange. The standard long-stemmed orange with light center; preferred by many growers for its long stems.

Ball's Lemon Queen. Clear medium deep yellow with a dark brown center that contrasts most effectively.

Ball's Gold. Deep golden yellow, long-stemmed and large flower with light center. Stem, size, and color are outstanding in this Calendula.

Ball's Supreme. Light shade of orange with a richly contrasting brown center; not extra long stemmed but free flowering than any of the above.

Ball's Apricot. Rich apricot or straw color with a finely contrasting brown center. Same habit as Ball's Supreme from which it is a selection. Inclined to produce orange petals with apricot occasionally. Some should be grown for the variety.

Prices on the above:

Tr. Pkt.....40c 1/4 oz.....60c Oz.....\$2.00
2 oz.....\$3.50 4 oz.....\$6.50 Lb.....\$20.00

NOTE: Combinations of the above varieties will be sold on the total weight basis; in other words, 1/4 oz. each of four varieties selling at 60c per 1/4 oz., or \$2.40, will be sold at the ounce rate of \$2.00, saving 40c.

Morning Star. Primrose yellow.....	.15	.35
Evening Star. Sunflower yellow.....	.15	.35
White Star. Creamy, with yellow center	.15	.25
Single Mixed Segetum15	.25
All Segetum have dark centers excepting White Star.		

CARINATUM—	Tr. Pkt.	Oz.
Burridgeanum. White with scarlet zone.	\$0.15	\$0.35
Northern Star. Giant white, yellow zone	.15	.35
Double Mixed. Coronarium annual....	.15	.30

ZEBRA (Chrysanthemum Segetum). This is the first definite two-colored variety in this class. The tips of the petals of these medium-sized blooms are mahogany red, encircling brilliant yellow. It is particularly suitable for borders and edgings on account of its dwarf and spreading growth and is valuable as a lasting flower for cutting purposes. Tr. Pkt.....50c

GOLDEN CREST (Coronarium Chrysanthemum). Bright butter-yellow flowers; silvery green foliage. The most outstanding feature of this flower is the quilled petal formation that greatly increases the desirability of this flower. 3 to 4 feet in height, flowers are produced so freely that one plant will carry as many as 50 to 60 blooms. Tr. Pkt.....50c

*SHASTA DAISY (Chrysanthemum)—

	Tr. Pkt.	Oz.
King Edward VII. The finest Moonpenny daisy	\$0.20	\$0.60
Alaska. Pure white on good stems; the largest and best of the Shasta Daisies.	.25	.90
Giant Double Shasta. Flowers 5 inches in diameter, resembling large Asters. A grand cut-flower on long, wiry stems	.50	12.00

CINERARIAS

Cremer's Prize. This strain has been awarded the first prize at the Philadelphia Show for the past three years. The originator is constantly improving the strain. It is of such high sale value that growers will not go amiss in planting it liberally. Sold in the Originator's Packets.

Tr. Pkt. (1000 seeds).....\$1.50 1/32 oz.....\$4.00
1/16 oz.....\$7.50 1/8 oz.....\$15.00

Eriksson's "Private Stock" Mixed (Multiflora Maxima). A new A. B. C. introduction. Medium sized flowers and plants of medium height. Larger blooms than Cremer's Prize. A favorite in the Chicago Market.

Tr. Pkt. (500 seeds).....\$1.50

Siter's Rainbow Strain. Medium large flowers ranging from the bright-eyed types to the finer pastel shades; its compact growth and large flower heads and small round leaves are very desirable.

Originator's Packets\$2.00

THE THREE ABOVE NAMED STRAINS
ARE TRULY WORTHWHILE

A. B. C. Prize Strain. The best strain of the large flowering types; shades of blue, salmon and crimson. A prize mixture. Tr. Pkt.....\$1.00 1/32 oz.....\$3.50
1/16 oz.....\$6.00 1/8 oz.....\$11.00

Berlin Market. Medium large flowered and dwarf growth. Height 15 inches. In dark blue or dark crimson.

Tr. Pkt.....\$1.00 1/64 oz.....\$1.50

Weissense Mixture. A fine strain with large fine heads with medium size flowers; all have white eyes or centers. Tr. Pkt....\$1.00 1/64 oz.....\$1.60 1/32 oz...\$2.75

Multiflora Nana Mixed. Small flowered and dwarf growth; desirable pot plant for Easter and Mother's Day sales. Tr. Pkt.....\$1.00 1/32 oz.....\$2.50

Stellata Hybrida. Unsurpassed as a pot plant or for cutting. Tr. Pkt.....50c

Maritima Candissima (Dusty Miller). For bedding, vases, baskets, etc. Tr. Pkt.....15c Oz.....40c

Diamond (Improved Dusty Miller). Tr. Pkt...15c Oz...60c

*CLEMATIS

Paniculata. One of the most popular hardy climbers. Tr. Pkt.....15c Oz.....50c 1/4 lb.....\$1.50

*COREOPSIS (Perennial Calliopsis)

	Tr. Pkt.	Oz.
Lanceolata Grandiflora. An extra fine strain of this useful golden, hardy perennial	(1/4 lb., \$1.00)	\$0.15 \$0.30

Lanceolata Grandiflora Mayfield Giant. The plants are taller and more vigorous; individual flowers are larger and the stems are longer and stiffer...(1/4 oz., 30c) .15 .75

Lanceolata Grandiflora Double Yellow. This double and semi-double form is just as easy to grow as the single, and the extra petalage adds a further charm to the flower20 .75

Grandiflora Double Sunburst. Large double flowers 1 1/2 to 2 inches across; of deep golden yellow; excellent for cutting because of fine keeping qualities. The strain is true, about 80% double....(1/4 oz., 35c) .20 1.00

*DELPHINIUM (Hardy)

Blackmore and Langdon's Gold Medal Strain. There are no better Delphinium strains to be found anywhere than those developed and sold by Blackmore and Langdon of Bath, England. We are proud to announce that we have arranged for the distribution of their world-famous Gold Medal Strain. Regarding this famous strain, the flower spikes are very heavy and full flowered, exceptionally long; the plants reaching a height of 4½ to 6 feet depending on the variety. We highly recommend this strain as a valuable addition to your Delphinium list. Tr. Pkt.....\$1.00 ¼ oz.....\$2.00 Oz.....\$7.00

We have recently imported a large collection of the choicest named varieties in various colors and shades. Each variety in separate packets and containing not less than 100 seeds. We offer these packets at \$1.25 each, or 5 varieties for \$5.00. We promise the results you will obtain from these seeds will be most gratifying.

Gold Medal Strain (Seed produced in America). A very good average strain. Tr. Pkt.....50c
¼ oz.....90c Oz.....\$3.25

Wrexham Hollyhock-Flowered Hybrids. Enormous spikes of large single and double blooms in all the glorious shades of blue found only in Delphiniums. The graceful spire-shaped spikes are not unlike Hollyhocks. This is a truly magnificent strain.

Wrexham Art Shades.

Wrexham Deep Blue Shades.

Wrexham Light Blue Shades.

Wrexham Mid-Blue Shades.

Gypsophila Repens

GYPSOPHILA (Baby's Breath)

The following are always in demand for mixing with other cut-flowers. Several plantings can be made during the season in order to have a succession of bloom; they are very free blooming, and of easiest culture.

Oz. 4 oz. Lb. 5 lbs.

*Denotes Perennials.

LARKSPUR

An important cut-flower for both greenhouse and outdoor culture. Moderate temperature and moist soil are necessary to obtain good germination. The Base Branching class, also known as Imperial or Spiral is an improvement over the original Stock-flowered type in that it is somewhat longer stemmed; the Hyacinth-flowered type produces but one non-branching flower spike. They do best on a raised or shallow bed where the growth can be hardened some, but on a deep ground bed, if grown cold, they will produce hollow stems that break easily in handling.

Tr. Pkt. Oz. ¼ lb.

Cinnabar Cockade (New). Cinnabar is a rich brilliant rose red; plants are compact and symmetrical, throwing long spikes of very double flowers. Cinnabar has the same graceful habit as Blue Cockade. This variety is destined to be the florists' favorite for cut-flower purposes; its brilliant color and long spikes have great buying appeal \$0.35 \$2.25 \$7.50

Larkspur Giant Imperial Cattleya. This is a late flowering variety (two to three weeks later than other sorts); this lengthens the flowering season; has a rich rosy lilac color and fully double flowers which are closely spaced on 4 to 5 foot stems. Highly commended by the Royal Horticultural Society, 1934.25 .75 2.50

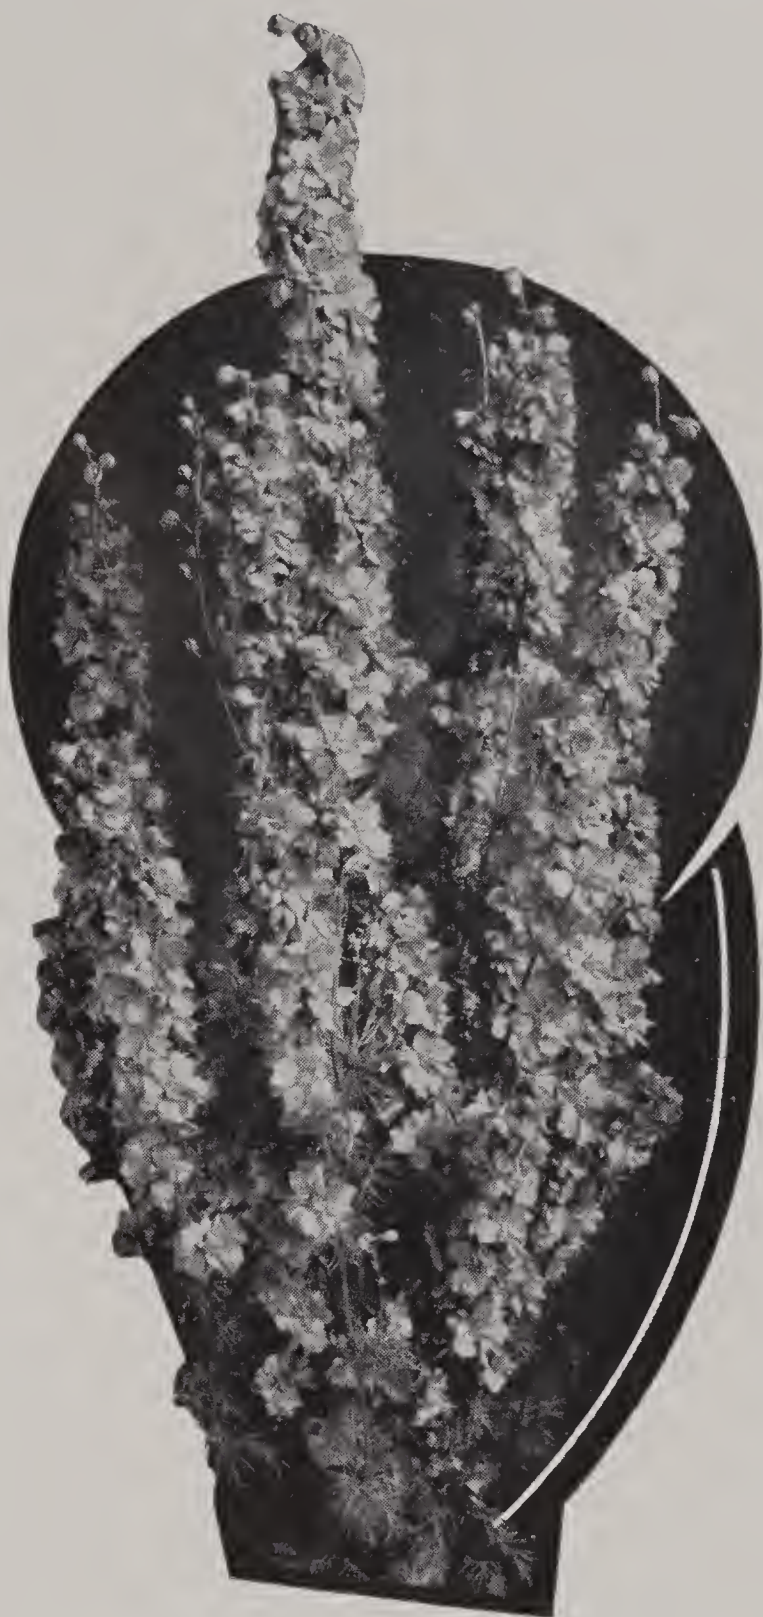

Larkspur Giant Imperial Dazzler. Rich lustrous carmine color; blooms a week to ten days earlier than any of the other varieties; Dazzler is an ideal florists' variety, also desirable for the home gardener25 .75 2.50

Larkspur Giant Imperial Sweet Lavender. A delightful shade of rich blue lavender; the flowers are large and fully double; closely spaced on a long flowering stem. Commended by the Royal Horticultural Society, England. .25 .75 2.50

LUPINS

*"RUSSELL LUPINS" (Miracle Flowers)

Extraordinary colors; many new shades never before seen in Lupins; self blues, pinks, reds, yellows, maroon, purples; bi-colors such as violet and white, blue and yellow, red and bronze, red and white, yellow and orange, pink and white, and others; the standard is one color, the keel another. Individual flowers above average size, upright standards of some being an inch across. The flower spike resembles a closely set, well rounded column of Sweet Peas. All flowers on spike open at one time from top to bottom. Awarded the coveted Gold Medal of the Royal Horticultural Society at the Cheltenham Flower Show in June, where the Russell Lupin display monopolized the attention of the audience. These flowers can be grown most anywhere, and they keep well when cut.

PANSIES...

Our collection of Pansies is recognized by florists for its completeness, for its quality, and its reliability.

A. B. C. "DE LUXE" MIXTURE

This mixture is the result of many years' selection from the world's finest strains. The seed is hand-picked from personally selected plants and will germinate 100%. We are constantly searching for varieties to improve this mixture, but we have been unable to improve on "A. B. C. De Luxe", which justifies us to call this unquestionably the world's finest strain of fancy Pansies. We highly recommend it for cut-flowers as well as spring plant sales. Growers tell us that "A. B. C. De Luxe" Pansy plants easily command a premium over stock produced from other so-called fancy mixtures. This superb strain of Pansies is of largest size, richest and most varied colors, and contains several shades of beautiful reds. You will make no mistake confining your Pansy cultures to this outstanding mixture.

DON'S GIANT WINTER FLOWERING PANSIES

This lovely Pansy is one of the most important horticultural introductions of recent years; the plants grow to a height of 2½ to 3 feet, with 6 to 8 strong upright stems bearing numerous good-sized blooms on flower stems 10 to 12 inches long. Seed should be sown under glass in July-August, and the plants benched in the greenhouse about October. Set the plants 12 inches apart in the bench, and support in the same manner as Carnations. They may also be grown in 6-inch pots sunk in the bench if desired. The color range is excellent, and if the blooms are kept cut as they mature, the flowering period will continue from December until May. At the Chicago spring flower show last season, an exhibit of Don's Winter Flowering Pansy by Mr. Fritz Bahr attracted considerable attention. We recommend them very highly.

(New crop seed ready July, 1938)

STATICE

	Tr. Pkt.	Oz.
BONDUELLI. Similar to Sinuata..(Lb., \$2.25)	\$0.15	\$0.25
SINENSIS. Pure white with canary yellow; height 1½ feet; very desirable..(1/4 lb., \$2.50)	.25	.75
SUWOROWII. Russian or Rat-Tail Statice; bright rose flowers; height 2 ft..(1/4 lb., \$2.00)	.20	.70
SINUATA STATICE. We have found a location for the growing of this seed that produces seed of more satisfactory germination than has been available in the past.		
	Tr. Pkt.	Oz.

Lavender Queen (New). Beautiful clear bright lavender, quite distinct from the other colors; excellent for bouquets and other uses for which this species is employed

Market Grower's Blue. An ideal blue variety for cut-flower trade; very desirable.

Puberula (New). Dark violet flower; desirable for pot plants; height 6 inches.....

Atrocoerulea (New). Clear Delphinium blue; very distinct new color.....

Kampf's Tall Improved. Extra long-stemmed; deep blue color; the best cutting variety

True Blue. The standard blue..(Lb., **\$2.75**)

Rosea Superba(Lb., **\$3.00**)

White(Lb., **\$1.90**)

New Hybrid Mixture. A mixture of above colors as well as new shades that add a bright variation to the collection.(Lb., **\$5.00**)

***PERENNIAL STATICE (Sea Lavender).** Splendid hardy perennials for the border or rockery; produces panicles of minute flowers that can be dried and used for winter bouquets.

Caspia. Beautiful lilac flowers; height 3 ft.

Dumosa. Cluster of silvery gray blooms; 2½ feet

Latifolia. Purplish flowers; height 2 feet..

STEVIA

Serrata. Fragrant white flowers; height 3 feet.
Tr. Pkt.....**30c** Oz.....**\$1.50**

STOCKS**A. B. C. "SPECIAL FLORISTS' STRAINS"**

Giants of California, "The World's Best Double." This magnificent new group is so marked in improvement that we believe they will head the list in florists' forcing Stocks in the very near future. Giants of California are very early flowering, with a high percentage of double mammoth flowers, and they have the branching habit of the Bismarck. If planted close, they will attain the height of 2½ to 3 feet. We feel this strain justifies our highest recommendation.

	Tr. Pkt.	1/4 oz.	Oz.

SWEET PEAS EARLY OR WINTER FLOWERING

SHIRLEY TEMPLE (Waller-Franklin). Waller-Franklin consider this their most beautiful origination; obtained through a cross between Pinkie and Lady Gay; inherits size and richness of color of Pinkie with dainty fluted flowers of Lady Gay; the color is softer and more beautiful than Pinkie; the stems are long, with four blooms on each stem.
 ½ oz....**25c** Oz....**40c** ¼ lb....**\$1.50** Lb....**\$5.00**

DAPHNE. Winner of a Silver Medal at a recent International Flower Show in New York City; this Sweet Pea is a soft salmon pink on a cream ground; the flowers are of great size, with beautifully expanded and waved standards. Many of the blooms are duplex and borne on long, stout stems. Oz....**\$1.50** ¼ lb....**\$5.00** Lb....**\$17.50**

WINTER SWEET PEAS. The following varieties are the "cream" of the early-flowering Sweet Pea family.

½ oz. Oz. ¼ lb. Lb.

Ball Rose Improved. Deep bright rose color; strong growth; free-flowering**\$0.20** **\$0.35** **\$1.30** **\$4.00**

Ball Orange Improved. Pure orange without cerise shading; the only pure early-flowering orange..... **.30** **.50** **1.50** **5.75**

Ball White. Strong-growing, long-stemmed, white-seeded pure white; we prefer not to sell white-seeded pea seed because of the ease with which it rots unless sown in moist soil and not watered until it germinates. "Hope" in its place..... **.25** **.35** **1.25** **4.50**

Bridesmaid. Extra light rose or silvery pink; extra large flowers and long stems; new color in early peas **.20** **.35** **1.35** **4.50**

Boon. An even salmon-rose-pink; extra large flowered..... **.20** **.35** **1.35** **4.50**

Harmony. The best lavender; long stemmed and vigorous growth... **.20** **.35** **1.30** **3.50**

Hope. While not as pure in color as Ball's White, this variety is practically clear white, with the advantage of being black-seeded. **.20** **.35** **1.30** **4.00**

Josie. Longest stemmed, clear rose-pink; most productive variety in any color; requires more headroom **.20** **.35** **1.30** **4.00**

Laddie Improved. Extra long-stemmed; rose color..... **.20** **.30** **1.00** **3.50**

Majestic Rose. Though not as long-stemmed or productive as Josie, it is preferred by some growers.... **.20** **.30** **1.00** **3.50**

Mrs. Hoover. Best long-stemmed blue; strong growth, requiring 12 to 15 ft. of headroom when planted early on ground beds..... **.20** **.30** **1.00** **3.50**

Mrs. Holscher. Very good rose-pink **.20** **.30** **1.00** **3.50**

Sequoia. Extra-large, long-stemmed, fairly deep salmon-rose..... **.20** **.35** **1.35** **4.00**

Triumph. Extra long-stemmed; lilac-mauve **.20** **.35** **1.35** **4.00**

WINTER FLOWERING SWEET PEAS

American Beauty. Extra large, long-stemmed rose.

Amethyst. Rich bright purple.

Annie Laurie. Bright shade of rose-pink. Medium size.

Apollo. Salmon-cerise, long-stemmed. Fine for spring.

Attraction. Rich salmon-rose, long-stemmed.

Aurora. Orange-scarlet striped. Novelty color. Fine.

Ball's Blue. Bright mid-blue, extra free flowering.

Ball's Orange. The standard clear deep orange.

Ball Rose Queen. Extra long-stemmed rose-pink.

Blue Bird. Mrs. Hoover is better.

Bright Light. Vivid orange-scarlet.

Cattleya. Rosy lilac. Triumph better.

Chevalier. Dark rose.

Columbia. Pink and white bicolor.

Eileen. Rich deep pink, large and long-stemmed.

Eldorado. Light orange.

Eleanor Blue. Light blue, for spring flowering only.

Fascination. Attractive cream-pink.

Flamingo. Orange-salmon. Long-stemmed.

Fragrance. Orchid-lavender, prefer Harmony.

Giant Rose. Well-named but not long-stemmed.

Glitters. Pride much better.

Greeting. Lavender.

Grenadier. Poppy-scarlet. Rather heavy shade.

Harlequin. Bicolor chocolate. Attractive novelty.

Heather Bell. Rosy lavender, medium size but free.

Indigo Blue. Dark shade of clear blue.

Jeanne Mamitsch. Clear rose, long stems.

Lavanda. Lavender.

Louise Gude. Bright rose. Medium size.

Maroon Prince. Dark maroon, rather heavy.

Michigan. Large lavender.

Mrs. Kerr. Salmon.

Oriental. Black-seeded cream.

Pink Profusion. Rose-pink.

Pride. Extra long-stemmed brilliant cerise.

Prosperity. Soft glowing rose-cream.

Red Bird. Crimson red.

Snowstorm. Prefer black-seeded kinds. Medium size.

Spring Song. Salmon-pink. Medium stem.

Success. Extra bright deep rose-pink.

Sunray. Light cerise, fine long-stemmed.

Susanna. Rather heavy. Carmine-red.

Torch. Orange-salmon.

Vogue. Light bluish lavender.

Vulcan. Prefer early Bright Light.

White Harmony. Extra long-stemmed black-seeded.

Zvolanek's Rose. Laddie is much better.

A. B. C. Early Mixture. A combination of above colors, including a large proportion of the standard kinds.

ANY ABOVE PRICED AT:

½ oz....**20c** Oz....**30c** 4 oz....**90c** Lb....**\$3.40**

LATE OR SUMMER FLOWERING SWEET PEAS FOR SPRING BLOOM

Ambition. Finest deep lavender.

Avalanche. Finest white-seeded white.

Beatall. Sparkling pink, suffused salmon.

Blue Flame. Deep blue.

Bonny Briar. Improvement on Pinkie in depth and color.

Campfire. Sun-proof deep scarlet.

Chinese Blue. A solid, bright blue; about the best blue.

Constance Hinton. Black-seeded white.

Fiancee. Soft salmon-pink on white.

Giant White. Pure white.

Gigantic. Largest and best black-seeded white.

Gleneagles. Clear, even lavender.

Headlight. Fine sunproof orange-scarlet; best in this color.

Heavenly Blue. Delphinium blue.

Magnet. An improved Miss California.

Mavis. Headlight is preferable.

Pinkie. Fine rose-pink and a strong grower.

Pinnacle. Deep rose-pink; fine commercial color.

Powerscourt. Finest lilac-lavender.

Springtime. Silvery white, suffused rose; fine commercial color.

THE POT PLANT OF THE HOUR • WINNER OF SPECIAL AWARDS

Primula Malacoides "Improved Erikssoni"

After years of careful culture, there has finally been developed a strain of Primula Malacoides that is truly outstanding. It is the strain "Improved Erikssoni," product of the effort of Mr. Ernst Eriksson, the well-known pot plant grower of Riverside, Ill.

"Erikssoni" has genuine appeal as an individual pot plant, or it can be used in combination with Tulips, Hyacinths, etc. Being non-infectious, this plant is especially desirable from a retail standpoint for hospital gifts.

VARIETIES AND PRICES

OUTSTANDING NEW VARIETIES

APPLEBLOSSOM. A true appleblossom shade, pink and white. Very worth-while.

Price: 500 seeds.....\$1.00 2000 seeds.....\$2.00

BRILLIANCY. Opens lavender-pink, changing to crimson-red. (See illustration above.)

Price: 500 seeds.....\$1.00 2000 seeds.....\$2.00

GLORY OF RIVERSIDE. A true light rose-pink (seed from the third generation of plants). Comes 75% true. A real new color in Malacoides.

Price: 500 seeds.....\$1.25 2000 seeds.....\$4.50

SNOW KING. The pure white the trade has long been waiting for.

Price: 500 seeds.....\$1.25 2000 seeds.....\$4.50

SPECIAL NOTE: For best results, plant the variety "Snow King" one plant to 4-inch pot, and three plants to a 5-inch to 6-inch pot, four to five plants to a 7-inch pot.

TO THE GROWER: We cannot over-emphasize the importance of using only greenhouse produced new crop seed, in ERIKSSON'S ORIGINAL PACKETS, with Eriksson's own cultural directions. We bring this to your attention because of the so-called "Eriksson Strain" that has found its way into the market.—A. B. C.

ERIKSSON'S STANDARD VARIETIES

WONDER BABY. A most beautiful pink.

BABY ROSE. Very deep pink, some almost red.

BABY DOLL. A deep pink with frilled flowers.

NEW BABY. Near lavender-pink; the strongest grower with the largest flowers.

Prices of all standard varieties and mixed:

Tr. Pkt. of 800 seeds.....\$1.00

2,000 seeds.....\$2.00 1/64 oz.....\$5.00

Complete cultural directions, compiled by Mr. Eriksson, furnished free with each order.

SPECIAL NOTE: For blooming during January and at St. Valentine's Day and later, all of above named varieties can be sown to advantage during May, June and July.
